TSCHECHISCHE R.

Product specification / EU 07.04.17

Material number
1100302202

Product name
Hemp Flavour

Legal name/ Declaration (in acc. with Regulation 1334/2008/EC)
Natural Hemp Flavouring

Customer no.
61263

Composition

(in accordance with Regulation (EC) No. 1334/2008)

Flavouring ingredients:
flavouring preparations

Other ingredients:
ethyl alcohol
0,200% alpha-tocopherol E307

Ethyl alcohol, content by weight %: 98,70

Test characteristics of the material

Characteristic	Analysis	Unit
appearance	slightly turbid	
colour	colourless	
consistency	liquid	
refractive index (20°C)	1,352 - 1,372	dim
density (20°C)	0,779 - 0,799	kg/l
taste	herbal harsh typical hay green flowery	

We guarantee a uniform sensory profile for every delivery of this flavour. The visual impression may vary within a slight range of tolerance, which is attributable to raw materials. Storage-related changes are possible, although these do not prevent unrestricted use of the flavour within the stated use-by date if stored as directed.

Material number: 1100302202

Microbiological values

Total viable germs	lower than 100 cfu/g
Yeast	lower than 10 cfu/g
Mould	lower than 10 cfu/g
E.coli	not detectable/g
Salmonella	not detectable/25 g

Heavy metals

Within the scope of our quality assurance system it is guaranteed that all ingredients used for this flavouring comply with the provisions regarding heavy metals laid down in Regulation (EC) No. 1881/2006 of 19 December 2006 setting maximum levels for certain contaminants in foodstuffs.

Storage / shelf life / transport

Shelf life:	12 months subject to the following storage conditions:
Packaging:	in original packaging
Environment:	dark, dry (air humidity max. 70%), cool storage is recommended, temperatures below 6°C and above 25°C should be avoided
Transport:	dry, clean
Recommendation:	After removal of contents reseal packaging carefully. Use the contents of open packages as soon as possible.
Remark:	Short term exceedings of the indicated environmental conditions can be tolerated (e.g. transport), but should be limited to an unavoidable extent.

Data to the content of materials with maximum quantities ("Active Principles")

(in accordance with Appendix III, Part B of Regulation (EC) No. 1334/2008)

Data to the content of flavouring substances with maximum quantities

(in accordance with Annex I of Regulation (EC) No. 1334/2008 and with EU Labelling Legislation)

Material number: 1100302202

Data for allergenic substances

Main allergens (in accordance with Appendix II of Regulation (EU) No 1169/2011)	Contained	
Cereals and their products containing gluten (wheat, barley, rye, oats, spelt/ kamut or their hybrids)	--	
Crustaceans and their products	--	
Eggs and egg products	--	
Fish and fish products	--	
Peanuts and peanut products	--	
Soya and soya products	--	
Milk and milk products (incl. lactose)	--	
Nuts and nut products (almond (<i>amygdalus communis</i> L.), hazel nut (<i>corylus avellana</i>), walnut (<i>juglans</i> <i>regia</i>), cashew nut (<i>Anacardium</i> <i>occidentale</i>), pecan nut (<i>Carya illinoiesis</i> (Wangenh.) K.Koch), para nut (<i>Bertholletia</i> <i>excelsa</i>), pistachio (<i>Pistacia vera</i>), macadamia nut and queensland nut (<i>Macadamia ternifolia</i>))	--	
Celery and celery products	--	
Mustard and mustard products	--	
Sesame and sesame products	--	
Sulphite (E220 - 228) and sulphur dioxide [≥ 10 ppm SO ₂]	--	
Lupin and products thereof	--	
Molluscs and products thereof	--	

Material number: 1100302202

Following data do not result in labelling referring to Appendix II of Regulation (EU) No 1169/2011.

Other allergens (e.g. database ALBA, TNO Voeding)	Contained	
Oil-containing seeds and fruits, nut/nut products (chestnuts, coconut)	--	
Legumes (Beans, peas, lentils, lucerne)	--	
Umbelliferae (anise, dill, fennel, carrot, chervil, coriander, cumin, caraway seed, lovage, myrrh, parsley)	--	
Beef and beef products	--	
Pork and pork products	--	
Chicken and chicken products	--	
Cocoa and cocoa products	--	
Vanilla - Vanillin	--	
Yeast and yeast products	--	
Cinnamon (including cinnamic alcohol and cinnamic aldehyde)	--	
Glutamate (added)	--	
Benzoate and p-hydroxybenzoate (E210-E219)	--	
Synthetic azo dyes	--	
Sulphite (E220 - 228) and sulphur dioxide [< 10 ppm SO ₂]	--	

As a result of the existing HACCP system and strict cleaning conditions contamination by allergenic substances during the manufacturing process of the product does not occur in our company.

Material number: 1100302202

Information about genetic engineering (GMO)

The product does not contain raw materials that originate from genetically modified organisms as defined by directive 2001/18/EC.

Foodstuff produced using this product is not obliged to be labelled in accordance with Regulation (EC) No. 1829/2003 and Regulation (EC) No. 1830/2003 of 22.09.2003.

Confirmation with regard to treatment using ionizing radiation or fumigation (in accordance with Regulation (EU) No 1169/2011)

We confirm that the product and its ingredients have not been treated with ionizing radiation or ethylene oxide according to documentation available to us and to our knowledge.

Details about product suitability for special diets

	Suitable	
The product is suitable for a vegetarian diet*.	Yes	
The product is suitable for a vegan diet**.	Yes	
The product fulfils Islamic food law.	No	
The product fulfils Jewish food law.	Yes	
Halal certificate available.	No	
Kosher certificate available.	No	

* Definition of vegetarian diet: dietary form in which exclusively vegetable foodstuffs, milk, egg products and honey are consumed.

** Definition of vegan diet: dietary form in which exclusively vegetable foodstuffs are consumed.

Food legislation

The product complies with the food law provisions of Regulation (EC) No. 1334/2008 of 16 December 2008.
For its use in each country the national food legislation and specific product regulations have to be respected.

This document has been produced electronically, is valid without signature and supersedes previous printed versions.
